

Simcha Catering

Do you need simcha catering for an upcoming event? We will create an attractive and delicious kosher menu for any occasion you plan to host in Toronto.

What's a Simcha? And Does It Need Catering?

ains a favourite treat for simcha events.

A simcha is a joyous event. And in our opinion, good food should be part of a joyous event! We cater to just about any simcha. Here are the most popular ones:

- Weddings
- Bat/Bar Mitzvahs
- Anniversary parties
- Engagement parties
- House parties

These tend to be larger gatherings. But there is no rule about the size of a simcha, or a Mitzuyan catering event for that matter. So consider these small events that you may want to cater:

- Bris or baby naming ceremony
- Sheva Brachot
- Birthday parties
- Cocktail parties
- Retirement parties

We also get called for a lot of corporate events, including buffet and sit-down lunches and dinners. Don't worry: the food is still kosher, and still supervised by our mashgeach. We work from our own COR-approved mobile kitchen, right onsite, so that the food is literally freshly prepared and delivered piping hot or suitably cooled.

We have already been recognized as a Top Kosher Caterer by *blogTo*, and we intend to keep building on this by delivering elegant, fun, and modern kosher menus for just about any kind of event you can dream up.
