ine to create a kosher menu for this Italian-themed wedding.

A wedding is one of the most important events in a couple's life. Everything on this day should be *perfect*. Kosher catering for weddings is no exception.

## Kosher Catering for Weddings in Toronto

If you want kosher catering for your wedding, don't feel trapped into a boring menu. Your catering options are far more varied and include more modern dishes than you may realize.

Located in Toronto, Mitzuyan Kosher Catering guarantees the food you serve at your wedding reception will be as memorable as the rest of the day. Our European-trained Executive Chef creates menus that combine flavors, textures, and colors to create unique and delicious kosher cuisine. Take a look at them. They can be customized to your own specifications. Keep in mind that we can also create an entirely new menu based on your choices and selections, including your theme. For example, we served an Italian-inspired menu to accompany an Italian menu held outdoors under white umbrellas.

We are often asked "Is this *really* kosher?" We assure you, everything we serve is kosher, backed up by impeccable professional serving staff. Our catering business is certified by COR, the Kashruth Council of Canada.
